KAVIVIGNESH A K

EDUCATION

Sri eshwar college of engineering	<i>B.Tech AI&DS</i>	CGPA 8.18(upto 1 st sem)	<i>2024-2028</i>
Peepal prodigy school	<i>HSC</i>	<i>86.5</i>	<i>2022-2024</i>
Peepal prodigy school	<i>SSLC</i>	<i>87.9</i>	<i>2021-2022</i>

PROJECT

Snap fit App

Developed an AI-powered fashion assistant that recommends matching clothing combinations based on user-uploaded images. Leveraged image recognition models to classify apparel and suggest complementary items from a curated dataset

Tech Stack: Python, Javascript ,PHP , Tensorflow ,OpenCV

Swap Kart

Developed “Swap Kart,” a platform for buying, selling, exchanging, and donating second-hand products with integrated chat support.

Focused on promoting sustainable reuse and simplifying peer-to-peer product transactions.

Tech Stack: CSS , Html, JavaScript

CERTIFICATION & ACHIEVEMENTS

- **Runner-up, Creathon 2025** Innovation Sprint – Department-Level
 - Solved 780+ problems in skillrack,130+ problems in codechef and 30+problems in leetcode
 - Participated in **Selfie Hackathon 2025** short listed as **finalist**
 - Participated in **ICPC** and short listed in **final round**
-

TECHNICAL SKILLS

Programming skills: Python | C | C++ programming

Webdevelop Technologies: Html | CSS | JavaScript

Tools / Platform: VS Code | Canva | Git | GitHub | FastAPI

Data Base: MySQL | PostgreSQL
